THE WEEKLY DIGEST

Volume 17 INDIANAPOLIS, INDIANA, JANUARY 23-29, 1949 Number 4

INDEX TO VOLUME 16

July Through December 1948

How to Use This Index

As you know, items in QUOTE, arranged alphabetically according to subject, are assigned an index number. In our semi-annual index, the first numeral in each reference refers to the issue of QUOTE, the second numeral indicates the location of the item within that issue, according to its index number. Thus: *"Ability—6-1;"* tells you that an item relating to *Ability* will be found in the 6th issue of this volume of QUOTE under index number 1.

Quotations in the section *May We* QUOTE *You On That?* are also numbered consecutively, but each number is followed by the letter Q. The reference to *"Agriculture—Economics—22-7Q;"* indicates that a quotation on this subject appears in the 22nd issue, item 7Q, in the *May We* QUOTE . . . section.

One or more letters, following an issue number, refers to material in regular departments. For example: *"Absentmindedness—1-GS-a; 7-GS-b;"* means that references to items on *Absentmindedness* will be found in the 1st issue, in the *Good Stories* section under index letter *a*, and also under index letter *b* in the 7th issue. A complete list of department abbreviations follows:
